## **DETAILED ACTION**

### ***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance of claims 1-9, 12, 14-18, and 49:

With respect to claim 1, the prior art does not teach a consumer tote for a roll of wallpaper, the tote comprising: a disposable exterior in which is formed a main access flap, a pair of core access openings and, when the access flap is closed, a gap between the access flap and an adjacent edge of the exterior; and interior in which is located a disposable core which is aligned with access openings; a moulded coupling exposed by both openings one coupling attached to each end of the core, at least one of the couplings being a driven coupling and adapted to engage a driving spindle that rotates the core; and a handle formed by two sub-units which fold from a flat position against the exterior to a cooperating position in which openings in each sub-unit align to form a grip, each sub-unit having an edge which is affixed to the exterior, adjacent to the gap.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

With respect to claims 2-9, 12, 14-18, and 49, the claims are also allowable as they are dependent on an allowable independent claim.
